

Programme Secs report

Programme for 2007/08 is now complete. It has been an interesting exercise this year as 3 potential speakers who will be in the Winchester area at various times during the year have expressed a desire to come to WPS contacted me. To accommodate them has meant that the date of the monthly print, slide & projected image competition has not always fallen on the last Tuesday in the month. Members will have to keep an eye on these dates either from the handbook or website to ensure that they enter pictures on the correct evening.

I have tried to vary the programme, so as to bring in new speakers that have not been to WPS before ---- not always easy, as booking begins in Nov for the next year.
