

**WINCHESTER PHOTOGRAPHIC SOCIETY**  
**AGM 2011**  
**OUTINGS AND EVENTS ORGANISER'S REPORT**

Since I do not intend to continue in my role as Outings and Events Organiser, this is my opportunity to thank all those who have supported the outings over the last three seasons. I have had positive feedback from members who have been on the outings and have received suggestions which have proved popular, although not all have been possible to follow through.

This season an outing to Windsor was the most successful on a perfect autumn day. Kempton Steam Museum was less well supported and unfortunately the proposed visit to London was cancelled through lack of interest.

A number of visits to exhibitions, such as Chichester, Manor Farm and a combined outing with Southampton Camera Club have been well attended. Indeed, it has been the more impromptu type of outing with groups of friends which have proved more popular than fixed date outings planned at the start of the season. Perhaps this is the way forward and will be implemented in future, if the competition for the Outings Cup is to be retained.
