

# Winchester images to take

## Introduction

Each section has three objectives for suggestions of styles and types of image to capture. The rationale behind the three objectives is:

- Objective 1 images should be simple and straightforward to take
- Objectives 2 and 3 require additional effort, planning, permission(s), and creativity to take. Only do if feasible and appropriate.

## Pubs

**Objective 1:** Pick up the essence of the building, the architecture, its external presence

**Objective 2:** Record details of the façade inside and out

**Objective 3:** Photos inside the pub of the clientele, bar staff, landlord atmosphere

7. Oram's Arbour
8. St Cross Park
9. River Itchen (in Winchester)
10. Winchester Allotments (Park Road)
11. St Cross Allotments (Back Street)

Whenever taking photographs in public places members should always be cognisant and respectful of members of the public, children and private buildings.

As our WPS Centenary book will only be available internally to members we have fewer legal obligations on the images we take.

Safeguarding of children however should always be at the front of our minds unless there is a clear and unambiguous approval for us to use any images.
